HF RMS Monitor

☐ Accept Duty

☐ Maintain Communications Log - Winlink/Standard Templates/ICS USA Forms/ICS309
- If you need to close your log at any time, please be sure to scroll to the bottom to choose Save. This allows you to save all entered data to your local computer. When you reopen the log, you can choose to 'Load…Data' near the top of the form and choose the appropriate file that you saved earlier.

☐ Monitor Peer-to-Peer Winlink Winmor as K7UNI until relieved or reassigned.
- Forward using P2P Winmor 3.595, all messages destined for K7UNI to W7JSN.
- As K7UNI, forward using P2P Winmor 3.595, all messages received from W7JSN to its destination.

Note - Messages coming from the EOC will be sent to K7UNI P2P Winmor 3.595 with specified destination address(es). Please forward those messages to the specified address list as P2P type. This will create a separate message for each address listed. That way we should have a message to pass back during any P2P exchange.

If run in to trouble, connect back to K7UNI/EOC over 2-meters
Primary - 146.520 Simplex
Secondary – 146.800 SSRA Repeater
